| Pentagon |  |
| Perpendicular lines |  |
| Rectangle |  |
| Rhombus |  |
| Square |  |
| Trapezium |  |
| Triangle |  |

## Geometry Scavenger Hunt

I found the following irregular shapes and drew sketches:

|  |  |
| :--- | :--- |
|  |  |
| This shape has: |  |
| sides |  |
| corners |  |
|  |  |

If you can, use a measuring tape to measure the length of each side of the irregular shape.
Record your result onto your sketch, remember to include the unit of length in metres, centimetres and millimetres.
