Reindeer Headband

Instructions

Step 1.
Print the template on heavy paper, get a pair of scissors and a glue.

Step 2.
Cut out the individual pieces.

Step 3.
Glue the eyes onto the antlers and then glue the nose between the eyes.

Step 4.
Glue the two strips together.

Step 5.
Create a ring to form a headband.

Step 6.
Glue the eyes/antlers piece to the front of the headband.

Please note:
It is important to print the template onto heavy card otherwise the antler will not stand up or glue template onto cornflake boxes for reinforcement. An adult should help to cut out the template, as this could be dangerous.
