Programming

A lazy but clever elf wants to program his robot to take a nap while the robot waters his plants.

Help him by correctly ordering the different commands.
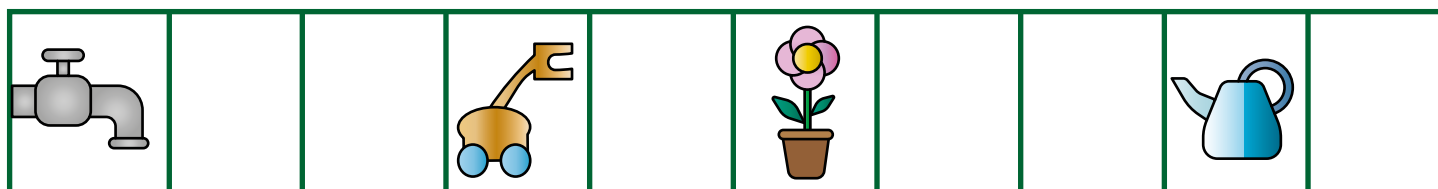

COMMANDS

- ◯ Move 8 spaces to the left
- ◯ Grab the watering can
- ◯ Move 5 spaces to the right
- ◯ Wait 3 seconds
- ◯ Turn off the tap
- ◯ Pour out the contents of the watering can
- ◯ Move 5 spaces to the right
- ◯ Open the tap
